

WBRK

WBRK-TV is Brooke's very own television station, which is broadcast to the entire school each morning. Our staff consists two permanent 4th grade helpers, five 4th graders who rotate from week to week by classroom and two 1st graders who rotate daily from all the first grades. Every 4th grader and every 1st grader is given the opportunity to be on-air personalities.

Each 4th grader rotates between a variety of positions: on-air personality, director, sound person, and camera operator. Our permanent helpers assist in training the weekly staff in their responsibilities. The 1st graders present the weather daily. The news consists of birthdays, special school announcements, and "on this day" news. Occasionally, we have special guests or features, such as the Good Manners News or Wellness Wednesday.

Our Brooke students do an excellent job every day presenting the news in a fun, professional manner.
